

Volume 2, Number 8

August 2018

The NMRA's ***Turntable*** is a monthly publication which, like a railroad turntable, will lead you in a number of directions on the internet.

This e-publication is a collection of railroad and model railroad videos, podcasts, websites, and/or other information freely available on the internet that we think may be of interest to you. The NMRA claims no ownership of this information, nor do we endorse its creators or their websites. The *NMRA Turntable* will not promote individuals or their for-profit ventures.

A Members-Only Exclusive Clinic

from Model Railroader Video Plus

[Canadian Canyons - Kamloops Lake](#)

The Model Railroader magazine guys needed to build a lake on their Canadian Canyons layout that could split between two removable sections. In this video, free to NMRA members from Model Railroader Video Plus, David Popp, with the help of MR staffer Eric White, show you how they worked around the problem with an easy-to-use technique. Remember the video is free to NMRA members only until the next month's Turntable comes out!

[Homemade Ground Cover](#)

Ron Klaiss shows how to make acres of ground cover for pennies!

Railway Modelling Products - Product Range

[Railway Model Products](#)

Deluxe Materials is the newest member of the NMRA Partnership Program. The company makes a wide range of model railroad products, all shown and demonstrated in this video. Plus you can order their products through Walthers! See the [Partnership Program](#) page on the NMRA website www.nmra.org for discount details.

[Division Business Car](#)

The **Division Business Car** column appears in even-numbered months in NMRA Magazine. It's loaded with great modeling ideas, plus useful information that can help make your Division, Region or 100% NMRA Club even better. The information comes from articles published in Region, Division, and club newsletters. The best of these articles are posted on the NMRA website. You can read the entire archive, from as far back as 2011 right up to the latest posting, by clicking [here](#).

Don't forget to visit the [Partnership Program](#) page on our website to get great deals and discounts!

Special Promo by a new Partnership Program Member

East Coast Circuits was created to provide unique, simple lighting effect circuits to the model railroad community. All circuits are designed with add-on capability to let the modeler personalize each circuit as desired. The circuits are compatible with most scales. Available are lighted emergency vehicles, circuits for traffic lights, transmission towers, and random structure lighting among others. Custom circuits can also be ordered. From August 5, 2018 to August 25, 2018, East Coast Circuits is offering NMRA members 50% off on their line of circuits by using a special link located on the Partnership Program page on the NMRA website.

Previous issues of the **NMRA Turntable** are available on the Turntable Archives page. You must first log in as a member at: nmra.org After you are in the members-only section, then hover over Publications on the menu bar, then **NMRA Turntable**, and then click on one of the list of back issues.
